### **Anita Dorr Memorial Lecture and Luncheon: From Florence Nightingale to the Jetsons!**

*Terry M. Foster, MSN, RN, CEN, CCRN*

*Fee: \$45; preregistration required; limited capacity.*

1.0 contact hour

Nurses have been at the forefront of patient care for over a century, however the evolvement of emergency nurses didn't occur in most hospitals until the 1930s and 40s. This lecture will be a lively look at how we began, evolved, progressed, and matured as emergency nursing professionals. See how many things you remember that "we used to do" and reflect on how far we have come along today!

### You Say More Than You Think

*Janine Driver, Body Language Expert*

Uncovering mysteries of body language – how people communicate their thoughts and feelings without saying a word – is a powerful first step toward mastering emergency situations. Emergency nurses know the ability to detect and react to the split-second signals that skim across people's bodies is crucial to effective communication with patients, families and colleagues. During this presentation Janine Driver, president of the Body Language Institute, and *New York Times* bestselling author of *You Say More Than You Think* will teach you how to have the control and change the dynamics of any interaction according to what's best in that moment.
