Preparing a Quality Bylaws Amendment Proposal

Bylaws amendments shall:

- Fall within the scope of the mission, purposes, and functions stated within the ENA Bylaws
- Be written in a professional and scholarly tone and be concise, consistent, and coherently organized
- Not duplicate existing ENA policies or positions, bylaws, organizational goals, or work in progress by ENA
- Be submitted using the bylaws amendment proposal template provided

The Resolutions Committee Chairperson is the liaison for all bylaw amendment proposals. Discuss the idea with the Resolutions Committee Chairperson prior to starting the process. They can help you to navigate this process. Please see below for the table of Resolution Committee members, and state liaison assignments.

Bylaws Amendment Proposal Assistance and Review

The Resolutions Committee is available to provide assistance to an author(s) from the beginning of development through the presentation for vote on the floor of General Assembly. The committee may provide suggestions regarding format, grammar, syntax, content, and relevance to current ENA position statements, policies, strategic plan initiatives, and bylaws.

The submission and review process includes the following:

- All submitted bylaws amendment proposals will be reviewed by the Resolutions Committee, ENA legal counsel, and the parliamentarian for completeness and compatibility with ENA's purpose, mission, values, objectives, bylaws and standing rules, federal and state laws, and financial feasibility.
- The parliamentarian will assist with ensuring the proposal language is clear and conforms to the

language and style of ENA's bylaws.

- If multiple amendments are submitted with a similar topic, the committee may recommend that the authors of the multiple proposals work together to submit a joint proposal
- All bylaws amendment proposals are forwarded to the ENA Board of Directors for review and comment
- Final bylaws amendment proposals will be formatted for publication in the General Assembly Handbook, including the financial and operational implications, and may include comments from the Resolutions Committee and ENA Board of Directors
