- To ensure the Academy of Emergency Nursing (AEN) has standardized policies in place complying with AEN governing documents.

*Approved 08/2022*

---

Policy

1.1 The Academy of Emergency Nursing (AEN) shall comply with all governing documents of the Emergency Nurses Association (ENA), including its Bylaws and Governance Policies.

1.2 AEN shall comply with its governing document, “Guidelines Academy of Emergency Nursing.”

1.3 This document is subservient to documents identified in 1.1 and 1.2. The purpose of this document is to standardize policies in compliance with AEN governing documents.

1.4 This document may be amended by the AEN Board, provided it is in compliance with governing documents identified in 1.1 and 1.2.

1.5 AEN policies shall be made available to AEN Fellows.
2.01 Board Members Writing Letters of Recommendation/Support

- To clarify an AEN Board member’s ability to support other individuals in ENA opportunities.

Approved 08/2022

Policy

1.1 To alleviate the appearance of conflict of interest, current AEN Board members shall not write letters of support/recommendation for individuals pursuing other opportunities within ENA or the ENA Foundation. This includes, but is not limited to, ENA’s election process, AEN’s election process, AEN’s Fellowship application process, and ENA Foundation Scholarships. This prohibition does not prevent the AEN Board member for supporting individuals for non-ENA opportunities, nor does it prevent the AEN Board Member from applying for the ENA opportunities themselves.
3.01 Application Cycle Office Hours

To provide a forum where potential AEN applicants and sponsors may confidentially ask AEN Board members questions to clarify content in the AEN Application Manual.

Approved 08/2022

Policy

1.1 The AEN Board shall hold application office hours during the time when applications may be submitted for Academy Fellowship.

1.1 Office Hours are for potential AEN applicants and their sponsors.

1.2 The purpose of offering Application Cycle Office hours is to make AEN Board Members available to answer questions and clarify the information in the AEN Application Manual. It is not intended to interpret or evaluate the applicant, their application materials, or letters of recommendation.

1.3 Confidentiality will be maintained for anyone who is interested in attending an Office Hour.

1.4 Attending or not attending an office hour session will not be taken in consideration when reviewing the final applications for Fellowship.

1.5 Appointments will be available in 15-minute increments via an online platform. Any potential applicant, FAEN Sponsor, or second sponsor may make an appointment, which is on a first come, first serve basis. The AEN Board strongly encourages the triad to join the call together so that answers to questions are heard at the same time in the same way; however, individual appointments may also be made.

1.6 Office hours shall be scheduled by the AEN Board Chairperson based on their availability; additional AEN Board members may attend as they are available.
3.02 Annual Board Training Prior to Fellowship Application Review

- To provide AEN Board members with shared mental model annual training prior to application review, in efforts to support DEI concepts while promoting inter- and intra-rater reliability of the AEN Shared Mental Model for Fellowship.

Approved 08/2022

Policy

1.1 AEN Board members shall complete annual training on the Shared Mental Model (SMM) for Fellowship. This training shall be completed prior to the receipt and/or review of any applications by the Board members.

1.2 AEN Board members shall complete annual training on implicit bias, as it relates to concepts of Diversity, Equity, and Inclusion. This training shall be placed within the framework/relevance of reviewing applications. This training shall be completed prior to the receipt and/or review of any applications by the Board members. This requirement may be met as part of a larger ENA educational offering geared toward application review, or a training specifically designed for the AEN Board.
3.03 Board Member Recusal from Applicant Review

- To clarify when AEN Board members should recuse themselves from debate and voting of AEN applicants.

Approved 08/2022

---

Policy

1.1 AEN Board members shall recuse themselves from the review/scoring, debate and voting of any applicant in which the Board member shares a current financial or familial relationship.
   a. Examples of a financial relationship include, but are not limited to, an employer/employee relationship, supervisor/subordinate relationship, a vendor/client relationship, or being business partners.
   b. For the purposes of this policy, a familial relationship is defined as being within the 3rd degree of consanguinity.

1.2 AEN Board members may also recuse themselves from the review/scoring, debate and voting of an applicant when they believe their professional relationship with the applicant may result in a bias that could lead the application review to being less than impartial or fair. Such recusal should only be done if the AEN Board is able to sustain a minimum of three Board members to review/vote on the applicant.

1.3 AEN Board members shall leave the room for the duration of any evaluation or voting of an applicant from which they have recused.

1.4 In situations where the chairperson recuses themselves due to a financial or familial relationship, the chairperson should leave the room and the Chairperson-Elect shall fulfill the role of the chairperson for this applicant.
3.04 Reducing Risk for Implicit Bias in the Fellowship Application Process

- To implement processes to mitigate and/or reduce the risk for implicit bias in the Academy’s Fellowship Application Process

Approved 08/2022

Policy

1.1 Any decision that needs to be made by the Academy Board Chairperson or entire Board regarding the completeness of an application and whether to reject an application without review due to the lack of completeness, shall be done so in a blinded format – that is, without knowledge of the applicant or sponsors’ names/identities. Examples of this include but are not limited to:

- To standardize how Fellows may send congratulatory letters to new inductees while maintaining the confidentiality of inductee personal contact information

Approved 08/2022

Policy

1.1 Fellows wanting to provide handwritten congratulatory letters/cards to new inductees may do so by sending the letters/cards in a sealed envelope with the inductee’s name printed on the outside and appropriate postage applied. The messages should then be placed in a larger envelope and mailed to the ENA office with ATTN: The Academy of Emergency Nursing.

1.2 Letters/cards will be addressed and mailed as they are received.
3.06 New Fellow Orientation

- To orient New Academy Fellows to the Academy’s history, guiding documents, and other Fellowship rights and responsibilities.

Approved 08/2022

Policy

1.1 The Academy shall develop and maintain an internal educational product to inform current and incoming Fellows on the Academy’s history, guiding documents, and other Fellowship rights and responsibilities.

1.2 The product shall be available to all current Fellows as well as inductees within 10 business days of their induction.

1.2 ENA Staff is responsible for determining space constraints and operationalizing this policy.

To standardize the process by which Fellows are notified of ENA volunteer groups that lack or are projected to lack at least one Fellow on the volunteer group.

Approved 08/2022

Policy

1.1 A key recommendation from the 2017 ENA-AEN Work Team included a focus on the Academy’s contributions in advisory roles. One of these action items included reserving a position on ENA Committees for Academy Fellows, subject to appropriate expertise.

1.2 In collaboration with the AEN Board, ENA staff is responsible for providing qualified FAEN applicants to the President-Elect, with a particular focus on volunteer groups where there is not a current Fellow present as well as where the current Fellow(s) on the group have an upcoming term ending. While it is logical that there would not be a Fellow on the Emerging Professional Advisory Council, AEN should strive to have applicants in all the remaining groups.

1.3 In conjunction with ENA’s annual call for national volunteer positions, ENA staff shall internally identify a list of groups where a Fellow is needed to serve on the group. The list of needs shall be distributed to Fellows through appropriate internal Fellow communications, such as ENA Connect.
