

Emergency Nursing 2019 Learning Plan

As you propose attending **Emergency Nursing 2019** to your manager, an effective way to gain approval is to focus on what, specifically, you will bring back to your hospital or unit as payback for its investment.

Some specific details you may consider include:

- **Personal Learning Content:** What sessions have relevance to your work as a nurse?
- **Best Practice Content:** Will there be sessions in areas that will immediately benefit your organization, your unit or, specifically, the emergency department?
- **Training Content:** Will there be workshops designed to teach you a special skill and/or help your team overcome current or future health care challenges?
