Ideas & Suggestions

Fully Virtual Party

- Create the ability to text/chat with the group to keep the connection!
Can set this up through phone message group, Microsoft Teams, or other messaging platforms

Hybrid Party

- Use a virtual platform (zoom, webex, etc)
- Have a separate screen/monitor at the venue to stream the people watching and their comments, so in-person attendees can see their faces and chat comments as they watch the movie

In-Person Party

- Check set-up is CDC compliant
 - Make sure chairs are 6 feet apart
- Food and beverage
 - Individually wrapped items can be placed on chairs ahead of time
- Decorate
 - If venue is not a theater, make it feel like one!
- Gift bag with treats to go
