New Year, New Courses!

NEW introductory level trauma and geriatric emergency nursing online courses deliver – in as little as two hours – the latest foundational education nurses need to improve the care provided to patients. CNE contact hours available!

**INTRODUCTION TO TRAUMA – Caring for Adult Patients**

**INTRODUCTION TO TRAUMA – Caring for Pediatric Patients**

**INTRODUCTION TO GERIATRICS – Caring for Older Adults**

These introductory courses serve as a stepping stone for future trauma and geriatric educational offerings with more advanced content such as ENA’s TNCC, ENPC and GENE.

Excellent resource for onboarding new nurses or to use as a quick refresher for more experienced nurses!
