State Council and Chapter Leaders

2023 Activity Plan

The Activity Plan is designed to provide state and chapter leaders with a month-by-month planning schedule that includes key dates, compliance requirements and recommended activities to keep your state council and chapter strong and successful. This document can also be used as a template to add your own state council or chapter planning activities.

Delegation of tasks is essential to ensure activities are accomplished. It is recommended that state or chapter leaders take the opportunity to delegate activities to appropriate positions. This not only ensures the completion of assignments completed but serves as a conduit toward volunteer engagement and leadership development.

For questions or assistance, please contact the ENA Component Relations department at componentrelations@ena.org or call 847-460-2627.

Note: Some dates on the calendar are yet to be determined. Dates will be updated, and a revised version of the Activity Plan will be shared.
