

## The Trauma Nursing Advanced Course™ is ENA's premier advanced trauma education program!

### Elevate Your Trauma Nursing Expertise

TNAC™ is designed to equip experienced trauma nurses with the advanced knowledge and skills needed to provide optimal care for complex trauma patients.

#### Blended Learning Experience

3-4 Week Comprehensive Program

Self-Paced Online Modules

Interactive Live Virtual or In-person Classroom

Full-Day In-person Simulation Learning and Testing

Comprehensive Assessment Exam

#### Prerequisites

Current Trauma Nursing Core Course  
TNCC Verification

#### Why Choose TNAC?

Advanced Trauma Training

Expert-Led Education

Hands-on Learning

Essential component of the trauma education curriculum

“ This advanced trauma course is exactly what we need as nurses. I left the scenarios feeling like I was emotionally involved, physically involved, and I was able to have the chance to critically think and work with my colleagues to solve critical issues. ”

- Learner in the Inaugural TNAC Course

**4-year TNAC Verification and 25 CNE Hours  
Upon Completion**

## Specialized Trauma Modules

Critical Thinking, Clinical Judgment, and Critical Decision-Making

Physiologic Response to Trauma and Shock

Diamond of Death

Management of Altered Tissue Perfusion

Arterial Blood Gas

Optimizing Ventilation and Gas Transport

Neurologic Trauma

Trauma in Pregnancy

Maxillofacial and Ocular Trauma

and more!

## TNAC is the next step to mastering trauma nursing!

Feature	TNCC →	TNAC
Level of Training	Essential trauma nursing education →	Advanced trauma assessment and management
Focus	Core principles of trauma care →	High-risk, complex trauma scenarios
Hands-On Components	Focused trauma case scenario →	Complex simulations with advanced interventions
Critical Thinking	Structured, systematic approach →	Advanced decision-making and problem solving
