

**In a survey of triage program learners, 100% of respondents said they have been able to employ the techniques they learned in ENA's Triage Curriculum™ into their practice.**

“I have become more acutely aware of not to minimize patient symptoms but scoring them more accurately as they are stating their symptoms at triage.”

**Melissa Class,  
ENA Triage Curriculum  
Participant**

“This course taught me to recognize the importance of cultural awareness when caring for patients to ensure that I am recognizing not only their physical needs but their cultural needs as well.”

**ENA Triage Curriculum  
Participant**

**ENA Triage Curriculum includes 8 courses that provides an emergency nurse the range of foundational knowledge needed to accurately triage patients.**

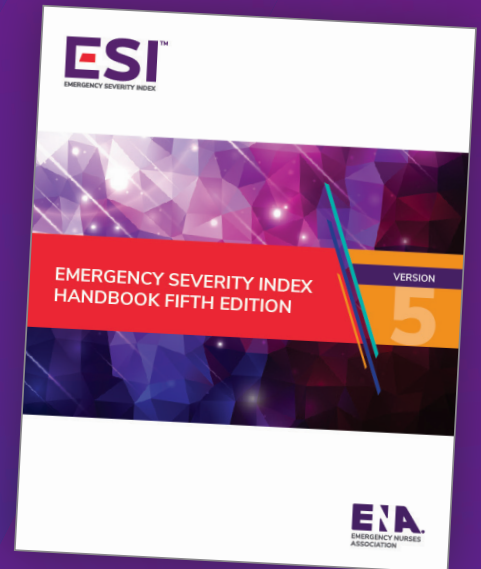

- Introduction to Triage
- Healthcare Law in Triage
- Communication and Patient Experience
- Emergency Severity Index® (ESI®) 2.0 Online Course
- Symptom Presentations and Triage Assessment
- Special Population Considerations
- Prioritizing
- Triage in Disaster and Mass Casualty Situations

**ENA TRIAGE  
CURRICULUM**

There are 8 courses that are suitable for all experience included with ENA's Emergency Severity Index education offering. Triage education also includes the Emergency Severity Index Course Handbook – updated in 2023.

- Knowledge checks
- Case examples with pediatric focus
- Post course exam to test the learner's application of ESI to pediatric patients

## ENA TRIAGE WORKSHOP

“The Triage Workshop is a great educational opportunity for staff to improve triage knowledge in an interactive learning environment with their peers.”

Allen P.,  
ED Leader

The new ENA Triage Workshop offers an engaging learning environment that builds beyond foundational knowledge.

### INCLUDED IN THE WORKSHOP:

- Triage scenarios
- Instructor-led discussions
- Clinical judgement concepts
- Additional didactic information
- Dedicated discussion of the ESI algorithm to increase triage accuracy and acuity assignment

**Earn CNE contact hours with all of ENA's triage education offerings!**
