Hospital Education Solutions

ENA®
EMERGENCY NURSES
ASSOCIATION

ena.org/enau

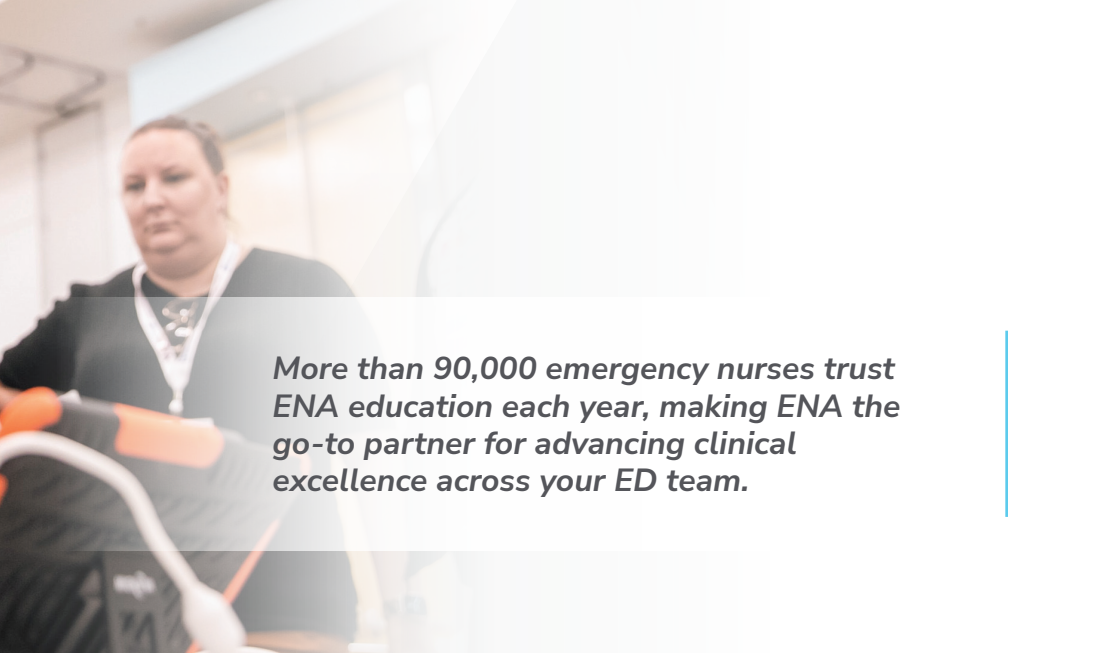

WHO IS **ENA**®

The Emergency Nurses Association® is the premier professional nursing association dedicated to defining the future of emergency nursing through advocacy, education, research, innovation and leadership.

Founded in 1970, ENA® has served as a trusted resource to the global emergency nursing community with nearly **45,000 members worldwide**.

Hospital leaders turn to ENA for:

- Cutting-edge education aligned with the latest clinical standards
- Evidence-based practice guidelines that support quality care and patient safety
- Policy leadership that shapes emergency health care at local, national and global levels. ENA University includes ED nurse-specific learning opportunities dedicated to ENA's mission of advancing excellence in emergency nursing.

More than 90,000 emergency nurses trust ENA education each year, making ENA the go-to partner for advancing clinical excellence across your ED team.

Strengthen your emergency department with ENA's proven education—empowering your nurses to deliver safer care, improve patient outcomes, and support retention while reducing organizational risk.

ENA's hospital solutions provide:

- Tailored education that is both accessible and affordable
- Concentrated education on mitigating risk and achieving optimal patient outcomes
- Increased staff retention and engagement
- Customized education created for nurses, by nurses
- More than **240 educational offerings** in multiple formats
- In-person and on-site ENA Instructor delivery

EMERGENCY NURSE RESIDENCY PROGRAM®

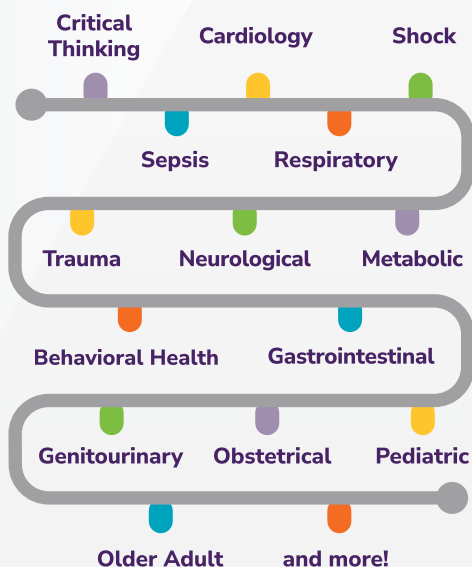

Emergency Nurse Residency Program

**Prepare new and transition-to-practice
ED nurses for success**

ENRP® offers structured education, mentorship and professional development to boost the confidence and skills needed to thrive in the ED.

Learn more
ena.org/ENRP

The Program

Eliminates the time and cost of creating a homegrown program.

Increases confidence levels.

Promotes higher staff retention rates.

Saves costs on recruiting & onboarding replacement staff.

Offers a 1-year ENA membership.

"Before this program, I was so overwhelmed. Now, I have much more confidence as a nurse, feel a lot better about the care I give, and my skills have improved immensely."

ENA's Impact

According to a study of 275 emergency nurses who have completed the residency program, after one year:

96% said ENRP

helped prepare me for my role in the ED.

89% said ENRP

adequately prepared me for the clinical challenges I face in the ED.

86% said ENRP

addressed challenges and stressors commonly faced by new nurses.

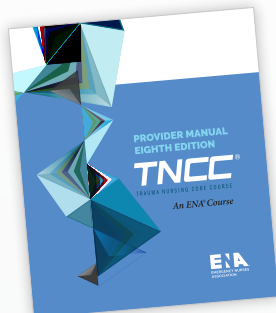

TNCC/ENPC

Currently taught in 13 countries
worldwide, with thousands of
learners each year!

Discover the Power Behind ENA University Pathways for Emergency Nursing Excellence

Empower your emergency nurses to grow into clinical leaders with ENA University® Pathways – a structured approach to professional development that supports improved patient outcomes and long-term staff success.

- Strengthen clinical expertise
- Build confidence in complex care environments
- Advance their careers while delivering high-quality, evidence-based care

Invest in your team's growth with education that aligns with your organizational goals and promotes excellence at every stage of a nurse's emergency care journey.

Your nurses have the potential. ENA Pathways help unlock it.

CLINICAL PRACTICE – NOVICE PATHWAY

Designed for: New ED nurse
Builds the foundation of essential skills in caring for pediatric, adult and geriatric patients.

CLINICAL PRACTICE – COMPETENT PATHWAY

Designed for: Experienced nurse
Builds upon existing knowledge and helps advance skills to clinical mastery.

ED NURSE LEADERSHIP PATHWAY

Designed for: ED nurses entering or growing in a leadership role.
Prepare your nurses for leadership roles with focused education and training in people and team leadership, operations content and strategic and financial leadership

NURSING PROFESSIONAL DEVELOPMENT PATHWAY

Designed for: Aspiring or novice practitioners in the emergency care setting.
Knowledge in best practices, needs assessment, interprofessional collaboration and more.

All pathways include:

- ENA membership
- Mentorship
- CNE awarded courses
